# FISKARS 2011 VILLAGE

[www.fiskarsvillage.fi](http://www.fiskarsvillage.fi)

The history of Fiskars Village goes back all the way to the year 1649. The village has seen the manufacture of iron and the beating of copper; more than a million plows have been made here; the first orange-handled scissors saw the light of day in Fiskars Village, which has been part of the industrial and cultural history of Finland in many ways, shape and form.

Today, Fiskars Village, a center of Finnish arts and crafts renowned far beyond the country's borders, is a unique place to live and visit. Being both home and workplace to more than a hundred creative people, the village offers inspiration to all who come here. Friends of art, culture and history as well as the outdoors all enjoy a visit to Fiskars Village. High quality conference, restaurant and accommodation services along with various shops and workshops offer visitors things to see and do all year round.

Spring brings the promise of summer, tempting you to give your home a makeover and to get out into the garden. In the shops you will find seedlings and other items for your garden, and at the Fiskars Wood Fair you can pick up new tools and inspiring ideas.

In the summer the village bursts with experiences. Exhibitions and events make visiting Fiskars Village a perfect day out for the whole family. The green natural beauty of the village, the people, sun and pleasure, that is what makes a Fiskars summer. Throughout which there is a program that ranges from the Fiskars Antique Happening to magic shows.

In Fall, harvest time fills the village with the riches of the woods and lakes. Pause for a moment to enjoy the smells and flavors of Fall at various culinary events. Gather strength and reserves for the winter by relaxing and enjoying nature.

Winter clothes Fiskars Village in white while preparations for the holiday season give the place a special atmosphere. Fairytale landscapes, holiday events, shops and exhibitions that are open all year round await you!

Fiskars is located in southwest Finland 85 km from Helsinki.
